Additional notes from Drew McCraw at Houseproud:

L.C. = **Le Creuset** - Simply the best cast-iron available, a design classic.

Kuhn Rikon is a top Swiss brand noted for pressure cookers sold under the **Duromatic** brand name. We sell their excellent non-stick frying pan range, made for them in Italy.

Berndes -Aluminium non-stick, made in Germany. This is a very undervalued brand in the UK. Superb quality.

Microplane graters. Speciality graters, top quality.

Other cookware items we would like (not supplied by Houseproud):

In the event that everything in the above list is already accounted for, we'd be delighted to receive John Lewis vouchers, from where we'll probably buy a selection of baking trays and tins, and general utensils.
